

## JOB POSTING

<b>POSITION:</b>	Technical Analyst – Enterprise Security and Web Technologies
<b>DEPARTMENT:</b>	Information Systems
<b>LOCATION:</b>	Winnipeg, Manitoba
<b>REPORTS TO:</b>	Supervisor, Technical Services

### PRIMARY OBJECTIVE:

Under the direction of the Supervisor, Technical Services leads in the planning, design, cost analysis, implementation and administration of our enterprise security and Internet based architectures.

### PRIMARY RESPONSIBILITIES:

- Maintain up-to-date detailed knowledge of the IT security industry including awareness of new or revised security solutions, improved security processes and the development of new attacks and threat vectors.
- Analyze and resolve security breaches and vulnerability issues in a timely and accurate fashion.
- Maintain up-to-date policies, standards and procedures including Disaster Recovery Plan, under the direction of the Technical Services Supervisor, where appropriate.
- Act as a lead in the coordination, development, training, and mentorship of junior team members.
- Accept and/or identify complex business unit challenges, and obtain the solution through acquired knowledge, creativity, and available resources.
- Insure continued uninterrupted operations by identifying and diagnosing problems and factors affecting network performance and security.
- Lead projects of all sizes using project management methodologies.
- Shift work and occasional travel may be required.

### POSITION REQUIREMENTS:

- Degree, Diploma or Certificate in one of the following: Computer Science, Mathematics, Electronics, or other science-related field.
- Minimum four years of experience with applied knowledge of advanced firewall and web server technologies.
- Technical knowledge of Sun Solaris, Windows 7/XP/2000, Citrix, Lotus Domino/Notes, and LAN/WAN infrastructures would be a definite asset.
- Bilingual in French/English would be considered a strong asset.

If you or someone you know have the qualifications and are interested in this position, please submit a resume or job posting application (if internal candidate) to Barbara Stepic by January 22<sup>nd</sup>, 2010.

**Staff are reminded of our Employee Referral Award Program for recommending successful external candidates for permanent positions.**
